

# How to connect to WiFi Network?

There are multiple ways to connect to the internet. The most secure and advanced option is to activate your MySanroma SSO via Keycloak. You may do this by going to [auth.mysanroma.com](https://auth.mysanroma.com). Then, login with your respective @sanroma.us email address. All members of family have an assigned login that will require change upon activation.

The format is as follows. FirstLast@sanroma.us, in cases of duplicates or Jr's it will be.

FirstLast1@sanroma.us or FirstLastSuffix@sanroma.us

The second way to connect and best for Guests is by connecting to "Harbour Point Guest" and following the captive portal, asking to accept terms and conditions.
